

LEGACY
HEALING CENTER

To Whom It May Concern:

I am writing this letter of recommendation on behalf of Harry Basamo, who has been a valuable member of our team at Legacy Healing. Harry has been volunteering at our center for several years, and during this time, he has made a significant impact on our clients. Harry spends several hours a month sharing his experience with men and women who are struggling with drug and alcohol addiction. He shares his personal experience of how he maintains a life of substance-free living and offers suggestions on how to stay clean and sober.

Harry has been substance-free for 25 years, and he uses his experience to help others who are counting days of sobriety. He shares his story with compassion, honesty, and a genuine desire to help others. His words and actions have inspired many of our clients to take the necessary steps toward recovery. One of the things that makes Harry stand out is his ability to connect with our clients on a personal level. He is empathetic, patient, and non-judgmental, which makes our clients feel safe and supported. His warm and friendly personality creates an atmosphere of trust and openness, which is crucial in the recovery process.

Harry is also an excellent listener. He takes the time to understand our client's unique situations and offers practical advice on how to navigate life without the use of alcohol and drugs. He understands the challenges of addiction and recovery and offers insights that are both practical and effective. We are grateful for Harry's time, energy, and experience. His dedication and commitment to our clients have made a significant impact on the lives of many.

I highly recommend donating to Harry's non-profit without hesitation. His passion and commitment to helping others is making a significant contribution to people in recovery. He is a compassionate, dedicated, and reliable volunteer who has made a positive impact on our clients and staff. He has a wealth of knowledge and experience in the field of addiction and recovery, and he uses it to help others in need.

Sincerely,

Marc Effron
Chief Operating Officer
